## Highlights & Headlining Events

TransWorld Exhibits is one of the largest independent trade show producers in the U.S. and has been successfully serving buyers and sellers since 1966. Five times a year, in one of the most vital and vibrant markets in the country, we are dedicated to continuing to bring our buyers the best buying opportunities in the Midwest for jewelry, fashion, accessories, gift, décor and specialty items in the beauty and gourmet arena. We've been listening to our exhibitors and buyers for nearly 50 years, changing the show to reflect new buying trends and fashion preferences.

### WHY ATTEND?

"Buyers know that our exhibits are the number one marketplace for all their buying needs in jewelry, fashion and accessories," says Don Olstinske, show/sales manager. "With the addition of our pavilions and focused areas in home & gourmet foods and beauty & style products, the TransWorld Exhibits shows represent the perfect opportunity to meet the best exhibitor's showcasing the hottest selling merchandise and their best new product lines. Bring the merchandise home with you immediately at the quantities you need - as these are all cash & carry events! ♦
